

How to Set Up a Patreon Donation Page

This is a guide on how to set up a donation page via Patreon.

Patreon is a website designed for creators to collect tips and monetary support quickly and securely.

Step-by-step instructions

- Visit Patreon.com
- Follow the prompts to set up your artist page
- When you've completed your profile, hit the launch button to go live
- Click on the "view your public page" link at the top of your creator's page (this link will allow you to view your page as a visitor). This is the url link you should share across your socials for donations
